

Statement of Concern Regarding Personal Safety

To Whom It May Concern,

My name is Jonathan Daniel Clements. I am seeking temporary sanctuary and observation due to a pattern of targeted behavior by specific law enforcement personnel in the state of Arkansas.

This is not a mental health crisis. I am lucid and coherent. I am here because I believe my safety is at risk due to repeated incidents involving local and state law enforcement:

1. Officers arriving unannounced to private property.
2. A detective demanding identification from my mother and yelling at her while I was not present.
3. Being followed in public by sheriff and state patrol vehicles.
4. Multiple citations and arrests for overlapping administrative violations, despite my documentation being presented.

These actions have caused significant emotional stress and fear of escalation. I have extensive documentation—photos, videos, legal filings, timestamps, and independent witnesses.

I am requesting that this statement be entered into my hospital intake record. I am seeking assistance, not evading responsibility. I am not delusional, suicidal, or violent. I simply no longer feel safe engaging local law enforcement without a federal or protected environment.

Thank you for hearing me.

Respectfully,

Jonathan Daniel Clements
